FIRE SAFETY MESSAGE

WHAT'S THE RISK IN APRIL?

- 9% of annual loss fires occur in April
- Average of 46 injuries
- Average of 5 fatalities
- Top ignition sources:
 - Cooking equipment
 - Cigarettes
 - Heating equipment

April's Fire Safety Concerns

- Cooking
- Smoking
- Heating equipment

Fact: Cooking is the number one cause of residential fires in Ontario.

- Keep a proper-fitting pot lid near the stove when cooking. If a pot catches fire, slide the lid over the pot and turn off the stove. Do not move the pan.
- Wear tight-fitting or rolled up sleeves when using the stove. Loose, dangling clothing can easily catch fire. If your clothing catches fire, stop, drop to the ground and roll over and over to put out the fire.
- Keep combustible items such as cooking utensils, dishcloths, paper towels and pot holders a safe distance from the stove.
- Keep children away from the stove. Make sure electrical cords are not dangling from countertops, where they could be pulled over by small children.
- Cool a burn by running cool water over the wound for 3 to 5 minutes. If the burn is severe, seek medical attention.

Always make sure to:

- Stay in the kitchen and pay attention when cooking!
- Drink responsibly when cooking.
- If a fire occurs, get out immediately and call 911

DEEP RIVER LIBRARY

MEET THE AUTHOR

11am, Monday, April 15

Library Program Room

Murder mystery novelist **Paulette McCarthy**, will speak about her passion, inspiration, and experience as a writer of short stories and her debut novel. Light refreshments to follow.
