FIRE SAFETY MESSAGE

Around the house

Make sure your address numbers are up and visible from the street.

Maintain a clear 'fire zone' of 10' around structures.

Check outdoor electrical outlets and other electrical appliances for animal nests and to ensure proper wiring.

Keep 100' of garden hose with an attached nozzle connected and ready for use.

Remove leaves and trash from carports and garages: Combustible materials are dangerous if they are exposed to heated automobile components, especially under the vehicle.

Clean up and properly store paints, pool and yard chemicals.

Check fuels containers for leaks and make sure they are properly stored.

Let power equipment sit for approximately 30 minutes before placing it inside to be sure there is no possibility of fire.

Some municipalities do not allow open air burning. Always check with your local fire department for questions, instructions and permits.
