

## **Building Code Amendments – Permit Applications and Inspections to Continue**

On May 11, 2020, the Province made amendments to Ontario's Building Code under O. Reg. 209/20. As a result, municipal building officials must continue to review permit applications and conduct inspections for all construction projects. All time periods set out in the Building Code remain in effect, regardless of whether a municipal office is closed because of the COVID-19 outbreak. Conditional permits can be issued for non-essential construction projects during the outbreak. The amendment remains in effect until municipal building department offices are opened to the public for in-person services.
