THE LAW AND CYCLISTS

What is a bicycle?

A bicycle, or bike, is a vehicle that:

- has one, two or three wheels (a unicycle, bicycle or tricycle)
- has steering handlebars and pedals
- does not have a motor.

Rules of the road

As a cyclist, you must share the road with others (e.g., cars, buses, trucks, motorcycles, etc.). Under Ontario's Highway Traffic Act (HTA), a bicycle is a vehicle, just like a car or truck.

Cyclists:

- must obey all traffic laws
- have the same rights and responsibilities as drivers
- cannot carry passengers - if your bicycle is only meant for one person

Riding on the right

- You must stay as close to the right edge of the road whenever possible, especially if you're slower than other traffic.
- You can ride on most roads, except across a road within a pedestrian cross-over - you must walk your bike to the other side

Bike helmets

- Children and youth

By law, every cyclist under age 18 must wear an approved helmet. Riders under 16 years old: a parent or guardian must make sure their child wears a helmet.

- Adults

Helmets are not compulsory for adults over 18; but a helmet can greatly reduce the risk of permanent injury or death if you fall or collide. It is strongly recommended that all riders wear helmets.
