HYDRANT FLUSHING NOTICE

Please be advised that hydrant flushing will commence in the West end of Town beginning on Monday, October 5, 2020 and beginning in the East end of Town on Monday October 19, 2020.

Flushing is part of a routine maintenance program that is necessary to maintain the integrity of the water system, remove sediment from water mains, verify the proper operation of hydrants and valves, and maintain firefighting capability.

Residents throughout Town may experience a drop in water pressure and water may be rusty or cloudy due to flushing of the distribution system. If you have rust-coloured water please run your COLD WATER TAPS ONLY (suggested taps: outside hose, bathtub or laundry tub) until the water is clear.

Please **DO NOT** use your hot water until you have clean running water again.

We apologize for any inconvenience this may cause. If you have any questions, please contact the Public Works Department at 613.584.2000, ext. 107

PUBLIC NOTICE

Social Gatherings

As we enter the second wave of COVID-19, the Ontario Government has reduced the size of unmonitored and private social gatherings effective September 19, 2020:

- 10 Persons indoor gathering
- 25 persons outdoor gathering
- Social Bubble

Keeping your social bubble small means:

- A small and consistent group of 10 people or less;
- Includes your household members;
- You can hug, hold hands, and high five;
- Stick to your bubble – you can only be in ONE bubble.

It is important that we all recognize that COVID-19 has not gone away, it has not become less contagious, it can and will spread rapidly if we don't remain vigilant about isolating anyone with symptoms.

If you have any symptoms you must self-isolate and call the Renfrew County Virtual Triage Assessment Centre (VTAC) at 1-844-727-6404 to book an appointment (no walk-ins permitted at this time) for testing. For COVID-19 testing dates and view the VTAC testing schedule updated regularly. Schedule can be found on the Town of Deep River Website at; www.deepriver.ca

The Town of Deep River would like to thank Residents for their continued support in keeping our community safe during this difficult time for all.

DEEP RIVER POLICE DEPARTMENT

Deep River Vulnerable Person Registry

The purpose of this registry is to ensure that the Deep River Police can find you or your loved one quickly and safely in the event they go missing. Our service does this by gathering information that will help coordinate search efforts and reduce search times. Parents or caregivers of a vulnerable person living within the Municipality of Deep River can submit this information.

Definition of a Vulnerable Person (VP)

A person who has a cognitive, physical, intellectual/developmental disability or other condition which may place him or her at an increased risk of misadventure leading to injury or death and who may require assistance from emergency services.

Who can register? Any person with:

- Alzheimer's Disease
- Dementia
- Autism
- An acquired brain Injury
- A Mental Health condition
- Increasing age
- Social isolation
- A tendency to wander
- The inability to communicate
- Fascinations or attractions (water, construction sites etc.)
- Unusual social responses (fear of strangers, aggression)

Why Register?

Experience has taught us that people often delay in calling the Police to report a missing person. There are common misconceptions that you have to wait a period of time to report a missing person. It is time consuming to obtain information and photos about the missing person and this can cause a delay in starting the search. A person can walk 6km an hour and any delay will greatly increase the search area. By having information and a photo on file Police can immediately coordinate search efforts and commence searching.

FIRE PREVENTION WEEK™ October 4-10, 2020

Serve Up FIRE SAFETY in the Kitchen!™

Only **YOU** can prevent cooking fires. Stay safe in the kitchen!

- Cooking and Alcohol Don't Mix!**
You must be alert to prevent cooking fires. You will not be alert if you have consumed alcohol or drugs. **Cook responsibly!**
- Clear the Clutter!**
Keep anything that burns—**plastic utensils, dishcloths, paper towels**—a safe distance from the stove.
- Stand By Your Pan!**
Unattended cooking is the leading cause of home fires. Always **stay in the kitchen** when you cook.
- Never Throw Water on a Grease Fire!**
If a pot of oil catches fire, **put a lid on it**. Slide a lid over the pot and **turn off the stove**. **Do not move the pot.**
- Install smoke and carbon monoxide alarms!**
Install working smoke and carbon monoxide alarms on **every** storey of your home and outside sleeping areas. **Test them every month!**

For more information contact your local fire department.
