The Deep River Police Service understands that a holistic approach to addressing local crime is also one of the best tactics to preventing crime. The Deep River Police service works with the community to provide information to residents in a format that is both easy to understand and relevant.

The Senior Friendship club has partnered with the Deep River Police numerous times to have the police service provide fraud and scam presentations to the elderly residents of Deep River. The presentations consist of current scams being used, information on how to prevent being scammed and what to do if someone becomes a victim of a scam.

Resources are provided during the presentation that participants may review at a later date or use as a reference. Most importantly, the Deep River Police Service wants it to be known that residents may attend the Deep River Police station at any time to obtain further information on the topic.
