

June 15, 2026

Hon. Robert J. Flack
Minister of Municipal Affairs and Housing
777 Bay Street, 17th Floor
Toronto, ON M7A 2J3

Dear Minister Flack,

Re: Canada-Ontario Development Charge Reduction Program (DCRP)

On behalf of Council for the Town of Plympton-Wyoming, I am writing to acknowledge the Province of Ontario's Canada-Ontario Development Charge Reduction Program (DCRP) and its intent to support housing development and critical infrastructure investment across municipalities.

Council appreciates the Province's efforts to address housing supply challenges by incentivizing development and providing access to infrastructure funding. The objectives of increasing housing availability and supporting growth-related infrastructure are important priorities that align with the Town's long-term planning goals.

However, Council wishes to express concern that the current structure of the DCRP presents significant challenges for small, rural, and northern municipalities such as the Town of Plympton-Wyoming. Municipalities are required to commit to substantial development charge reductions while also preparing competitive applications for large, shovel-ready projects within a limited timeframe.

The program's compressed application intake period provides limited opportunity for municipalities with constrained staffing and financial capacity to properly evaluate participation, identify eligible projects, and assemble a competitive submission.

Additionally, the requirement to prioritize large-scale infrastructure projects that clearly enable housing development, coupled with the expectation of upfront municipal financial contributions, places smaller municipalities at a disadvantage. Many rural communities do not have the same breadth of shovel-ready growth-enabling projects readily available, nor the internal resources required to mobilize applications within such tight timelines.

Council is concerned that, without adjustments, the current program design may limit participation from smaller municipalities and result in an inequitable distribution of funding, favouring larger urban centres with greater administrative capacity and project readiness.

In light of these concerns, Council respectfully requests that the Province of Ontario consider establishing a dedicated program stream for small, rural, and northern municipalities. Such a stream should include:

- More flexible and extended application timelines;
- Scaled project requirements that reflect community size and capacity; and
- Adjusted eligibility criteria that recognize the unique infrastructure funding models and operational realities of rural municipalities.

These modifications would help ensure that all municipalities, regardless of size, have a fair opportunity to participate in the program and contribute to the Province's shared objective of increasing housing supply.

The Town of Plympton-Wyoming remains committed to working collaboratively with the Province to support sustainable growth and infrastructure investment in our community.

A copy of this correspondence has been shared with our local Members of Provincial Parliament and Federal Parliament, as well as neighbouring municipalities, to encourage broader support for these requested program enhancements.

Thank you for your consideration.

Yours sincerely,

Adam Sobanski
Chief Administrative Officer
Town of Plympton-Wyoming
