RE: SUPPORT FOR THE ONTARIO HEALTH CARE SYSTEM

Please be advised that at the Municipality of Central Manitoulin Council meeting of June 25, 2026, the following motion was approved:

194-2026 That the Council of the Municipality of Central Manitoulin supports the following motion from the Municipality of Northeastern Manitoulin & The Islands:

WHEREAS the Canadian Center for Policy Alternatives (CCPA) has conducted research which unequivocally identifies that Ontario Hospitals are underfunded by the Government of Ontario;

AND WHEREAS the CCPA study, Failure by Design, clearly identifies that smaller and rural hospitals are disproportionately disadvantaged by the underfunding;

AND WHEREAS as a direct result of the underfunding Emergency Department wait times for an initial physician assessment have increased to 4.5 hours in 2024 – 2025 from 2.7 hours in 2020 – 2021;

AND WHEREAS 90 percent of patients spend on average 44 hours in the emergency department waiting to be admitted when further care is required;

AND WHEREAS the Provincial Government increased total health care spending from 7.4 percent of GDP in 2014 to only 7.6 percent of GDP by 2023, which did not keep pace with raising health care costs:

THEREFORE BE IT RESOLVED THAT the Council for the Municipality of Central Manitoulin request that the Province of Ontario provide immediate and sustained funding to improve hospital finances and capacity, which as per the recommendations in the CCPA study, would require an immediate injection of \$3.2 billion supported by annual increases of 6% per year thereafter.

AND FURTHER THAT this resolution be circulated for endorsement to:

- *All municipalities*
- *Association of Municipalities of Ontario*
- *Rural Ontario Municipal Association*
- *Bill Rosenberg, MPP Algoma-Manitoulin*
- *The Honourable Doug Ford, Premier of Ontario...carried.*

Sincerely,
