

RFP: 2026-OPS-002 - Canteen Operations

Addendum 1: Response to Questions Received

Question 1: Can we be provided the opportunity to view the canteen itself as to see what amenities are provided and to have knowledge that all amenities are in working order.

Answer 1: Per the RFP document, all equipment is the responsibility of the operator. The canteen at Pat McAnulty Park is equipped with a three-basin sink featuring two cabinet doors underneath and four wall-mounted cabinets.

Question 2: Could this lead to a contract at the arena canteen?

Answer 2: The Town is unable to confirm a contract for the arena canteen at this time due to ongoing construction. However, as noted in the RFP, the Town may, at its sole discretion, extend this agreement for additional years based on a performance review and the mutual agreement of both parties.
