All Ontario municipalities

TOWN OF  
**HALTON HILLS**

THE CORPORATION  
OF  
THE TOWN OF HALTON HILLS

**Resolution No.:** 2026-0107

**Title:** Modernizing Ontario's Invasive Plants Rules to Protect Taxpayers, Municipal Lands, Agriculture, Natural Heritage and Local Gardens

**Date:** June 1, 2026

**Moved by:** Councillor J. Brass

**Seconded by:** Councillor C. Garneau

**Item No. 12.3**

---

WHEREAS invasive plants, shrubs, vines, groundcovers, ornamental species, seeds and nursery stock can cause significant damage to municipal infrastructure, roadsides, stormwater systems, parks, trails, natural heritage areas, agricultural lands, woodlots, shorelines, private property and local biodiversity;

AND WHEREAS Ontario municipalities and conservation authorities are estimated to spend approximately \$50.8 million annually managing invasive species, and the average annual cost per Ontario municipality has been estimated at \$218,148, with approximately 80% of expenditures directed toward control and management rather than prevention; (Invasive Species Centre)

AND WHEREAS these costs are ultimately borne by local taxpayers, conservation authorities, property owners, farmers, volunteers and community groups who are often left to manage invasive species after they have already been introduced, sold, planted, escaped cultivation and spread;

AND WHEREAS the Province of Ontario, through the Invasive Species Act, 2015, which allows species to be listed as prohibited or restricted, and which can make it illegal to import, possess, transport, propagate, buy, sell, lease or trade listed invasive species; (Invasive Species Centre)

AND WHEREAS the concern is not with plants that are already clearly prohibited or restricted, but with invasive species and seeds and nursery stock that may

continue to be sold or distributed before modernized provincial rules, public guidance and retail practices have fully caught up with current science and local experience;

AND WHEREAS garden centres, nurseries, landscape suppliers, seed distributors, online retailers, landscapers and residents all have an important role to play in preventing the spread of invasive plants before they become a costly municipal and environmental problem;

AND WHEREAS the Ontario Invasive Plant Council's Grow Me Instead program promotes native and non-invasive alternatives for healthy, diverse and wildlife-friendly gardens, and its updated Southern Ontario guide includes additional invasive plants and alternatives to help residents, gardeners and landscapers make better choices; (Ontario Invasive Plant Council)

AND WHEREAS recent local reporting in Halton Hills has highlighted the importance of choosing native alternatives to invasive garden plants, including through Grow Native Halton and the Ontario Invasive Plant Council's Grow Me Instead resources;

AND WHEREAS the continued sale and distribution of invasive ornamental plants undermine the work of municipalities, conservation authorities, environmental organizations, horticultural societies, local volunteers and residents who are investing time and taxpayer dollars to remove and manage these same species;

AND WHEREAS prevention at the point of sale is more cost-effective, more practical and more respectful of taxpayers than asking municipalities and property owners to pay for removal after invasive species have spread across property lines and municipal boundaries;

AND WHEREAS invasive plants do not recognize municipal boundaries, and effective prevention requires coordinated action by the Province of Ontario, the Government of Canada, municipalities, conservation authorities, Indigenous communities, agricultural organizations, the nursery and landscape sector, retailers, landowners and residents;

NOW THEREFORE BE IT RESOLVED THAT Council for the Town of Halton Hills respectfully request that the Province of Ontario, in consultation with municipalities, AMO, ROMA, conservation authorities, the Ontario Invasive Plant Council, Indigenous communities, agricultural organizations, environmental organizations, horticultural societies, the nursery and landscape sector, garden centres and other relevant stakeholders, undertake a review and modernization of Ontario's invasive plant regulatory framework;

AND FURTHER THAT this review include consideration of expanding and regularly updating the list of prohibited and restricted invasive plant species, including invasive plants, shrubs, vines, groundcovers, ornamental species,

seeds and nursery stock that pose a risk to Ontario's natural heritage, agriculture, municipal infrastructure, parks, trails, roadsides, stormwater systems and private property;

AND FURTHER THAT the Province of Ontario be requested to prohibit the sale, distribution, propagation and trade of listed invasive plant species through garden centres, nurseries, landscaping suppliers, online retailers, seed distributors and other commercial pathways;

AND FURTHER THAT the Province of Ontario be requested to develop clear labelling, public education and retailer guidance requirements so that residents, gardeners, landscapers and retailers can easily identify invasive species and choose native or non-invasive alternatives;

AND FURTHER THAT the Province of Ontario be requested to work with the nursery, garden centre and landscape sectors on a practical transition plan that supports compliance, protects small businesses, promotes native and non-invasive alternatives, and prevents invasive plants from continuing to enter communities through ordinary consumer purchases;

AND FURTHER THAT the Government of Canada be requested to review and strengthen, where appropriate, federal import, border, labelling and online sales rules related to invasive plants, seeds and nursery stock entering Canada, so that provincial prevention efforts are not undermined by interprovincial or international trade;

AND FURTHER THAT the Province of Ontario and Government of Canada be requested to support municipalities, conservation authorities and community partners with stronger prevention tools, updated science-based lists, public education materials and funding programs that prioritize prevention over costly long-term control and removal;

AND FURTHER THAT a copy of this resolution be forwarded to the Premier of Ontario, the Ontario Minister of Natural Resources, the Ontario Minister of Agriculture, Food and Agribusiness, the Ontario Minister of Municipal Affairs and Housing, the Ontario Minister of the Environment, Conservation and Parks, the federal Minister of Environment and Climate Change, the federal Minister of Agriculture and Agri-Food, Halton-area MPs and MPPs, the Region of Halton, HRFA, OFA, Conservation Halton, Credit Valley Conservation, Grand River Conservation Authority, AMO, ROMA, FCM, the Ontario Invasive Plant Council, Landscape Ontario, the Canadian Nursery Landscape Association, and all Ontario municipalities for their consideration and support.
