Hydrant Flushing Notice

Please be advised that hydrant flushing will commence in the Town of Deep River beginning on Monday April 11th, 2022. Flushing will run until Friday May 20th, 2022, but may be extended due to unforeseeable circumstances, please check the NRT and Town website for any changes to these dates.

Flushing is part of a routine maintenance program that is necessary to maintain the integrity of the water system, remove sediment from water mains, verify the proper operation of hydrants and valves, and maintain firefighting capability.

Residents throughout Town may experience a drop in water pressure and water may be rusty or cloudy due to flushing of the distribution system. If you have rust-coloured water please run your COLD WATER TAPS ONLY (suggested taps: outside hose, bathtub or laundry tub) until the water is clear.

Please DO NOT use your hot water until you have clean running water again.

We apologize for any inconvenience this may cause. If you have any questions, please contact the Public Works Department at 613.584.2000, ext. 107

Deep River Police Service

Tissue donation and organ transplant awareness uses a green awareness ribbon for its cause. The Deep River Police Service members are wearing a green ribbon to bring awareness to organ and tissue donation month which runs the whole month of April.

In Ontario, there are over 1,600 people waiting for a lifesaving organ transplant. This is their only treatment option, and every 3 days someone will die because they did not get their transplant in time. For more information on becoming a donor you can visit <https://beadonor.ca/>
